

ICCSCM 2026

17th International Conference on Computer Science and Computational Mathematics

17–18 December 2026 • Langkawi, Malaysia

About the Conference

ICCSCM 2026 brings together leading researchers, academicians, and industry professionals from around the world to exchange innovative ideas, present cutting-edge research, and foster meaningful collaborations in Computer Science and Computational Mathematics.

Publication Opportunity

Accepted and presented papers will be considered for publication in a **MySitasi-indexed journal**, subject to peer review and editorial approval. This provides an outstanding opportunity to enhance your research visibility, academic impact, and professional recognition.

Why Participate?

- Present your latest research to an international audience
- Publication opportunity in a reputable MySitasi-indexed journal
- Network with renowned scholars and industry experts
- Receive constructive feedback from peers and reviewers
- Explore the latest developments in computing and mathematics
- Experience the breathtaking beauty of Langkawi, Malaysia

Conference Topics

- Artificial Intelligence and Machine Learning
- Data Science and Big Data Analytics
- Computational Mathematics and Numerical Methods
- Cybersecurity and Information Assurance
- Software Engineering and Information Systems
- Internet of Things (IoT) and Smart Technologies
- Mathematical Modelling, Simulation, and Scientific Computing

Submit your paper today and join us in Langkawi for an unforgettable academic experience.
